PROFESSIONAL SUMMARY

Customer Success and Program Management professional with 6+ years of experience driving customer onboarding, adoption, engagement, implementation, account management, and customer retention across EdTech and Healthcare industries. Proven expertise in managing customer lifecycles, developing customer success plans, analyzing engagement data, increasing platform utilization, and building long-term stakeholder relationships. Experienced in learning platforms, subscription-based solutions, customer training, renewal support, account growth opportunities, and data-driven decision-making. Strong background in customer engagement analytics, implementation delivery, customer advocacy, and cross-functional collaboration to maximize customer outcomes and business growth.

WORK EXPERIENCE

Britannica Education India

Implementation Manager

Mar 2025 – Present

- Manage end-to-end onboarding and implementation of digital learning solutions for educational institutions, ensuring successful customer activation, adoption, and utilization.
- Proactively engage with administrators, educators, and institutional stakeholders to understand learning objectives, usage challenges, and success criteria.
- Develop customer success plans focused on increasing platform engagement, adoption, and long-term subscription value.
- Analyze customer usage, adoption, and engagement metrics to identify risks, opportunities, and areas for customer growth.
- Deliver onboarding workshops, product training programs, and adoption initiatives that improve customer consumption.
- Collaborate with product, support, and operations teams to address customer feedback and improve service delivery.
- Support customer retention and renewal readiness through proactive engagement, usage reviews, and value realization discussions.
- Identify opportunities for account expansion by promoting additional learning resources, training programs, and platform capabilities.
- Manage multiple implementation projects simultaneously while ensuring achievement of onboarding timelines and customer objectives.
- Maintain implementation documentation, customer records, engagement reports, and success plans to support customer lifecycle management.
- Automated user provisioning processes across multiple learning platforms, reducing manual effort and improving onboarding efficiency.

HarperCollins Publishers India Ltd

Customer Support Officer

Gurugram, Haryana

Feb 2023 – Mar 2025

- Managed customer onboarding, adoption, and engagement initiatives across 100+ educational institutions utilizing digital learning platforms.
- Built strong relationships with educators, administrators, and institutional stakeholders to improve customer satisfaction and retention.
- Conducted product demonstrations, customer training sessions, and learning workshops that increased platform usage and engagement.
- Created Power BI and Excel dashboards to monitor customer health, engagement metrics, adoption trends, and operational KPIs.
- Leveraged customer usage data to identify improvement opportunities and provide actionable recommendations for increased platform utilization.
- Supported customer retention efforts through proactive follow-ups, issue resolution, and customer success initiatives.
- Collaborated with sales, operations, and product teams to support customer expansion opportunities and improve customer experiences.
- Reduced operational turnaround time by 30% through workflow optimization and process improvement initiatives.

- Assisted in managing customer escalations while maintaining high customer satisfaction levels.
